

The Brighton & Hove C-Card Scheme (launched Valentines Day, 2008)

Main aim:

- To increase the availability, accessibility and acceptability of condoms amongst under 25's in Brighton & Hove.

How does it work?

If you are aged between 13 and 25 this is for you! You can go to any of the c-card condom outlets in the city (see below for list) to have a 'condom consultation' (involving a chat on safer sex, contraception use, a condom teach and offered a Chlamydia screen) and then you will be given a safer sex pack with condoms and you will be given your c-card. This is all free!!! After this initial 'condom consultation' you are then able to simply show your c-card at any of the condom outlets across the city and will receive a safer sex pack (no questions asked), you will have your card signed and dated by a worker. After 8 visits (when the card is full) you will have to 'check in' with a worker (at any of the condom outlets) and will get re-issued another c-card.. Getting free condoms does not mean you have to have sex, it's about being prepared and getting clued up about safer sex!
